

# PORTABLE PRESSURIZATION SYSTEM

Mechanical Ingenuity Corp  
61 Riordan Pl  
Shrewsbury, NJ 07702

PREVAC Portable is the state of the art pressurizing system which provides unparalleled performance and safety in raising the refrigerant pressure for low pressure chillers.

## Features:

- Refrigerant Pressure Control in 1/100 psi increments
- Water Temperature Control
- Pressure Readout
- Adjustable Pressure Set Point From 0 to 6 psig
- Pump Can Be Operated Independently of Heaters
- Stainless Steel Construction
- Utilizes Low Cost, easily Accessible, Standard Stock Heaters
- ETL/CSA Approval
- 200,000 Amp Interrupting Rated
- 20 ft Power Cord and Plug

## Specifications:

- Voltage Three Phase;  
480V, 22.6kW  
240V, 12kW  
415V, 18kW  
380V, 15kW
- Weight; 95 lbs
- Six Heating Elements
- Pump; 30 gpm
